

GREEN IS FOR ME!

YES, I would like to do something to stem the tide of bad environmental news and help insure that the world will be healthy for the next generation. I AM COMPLETELY AMAZED THAT PROTECTING THE ENVIRONMENT IS SO EASY THAT THE ONLY THING I HAVE TO DO IS TELL THE PEOPLE AT McCLUNG THAT I WANT MY JOB TO BE AN FSC JOB AND **BAM!** I START PROTECTING THE ENVIRONMENT. THAT'S IT! McCLUNG DOES THE REST. I LOVE IT! I am also amazed that even though it is more work for the people at McClung, *McClung is not going to charge me more money* for an FSC job that helps protect the environment.

YES, I ACCEPT MY JOB ON MORE EXPENSIVE FSC RECYCLED, POST CONSUMER WASTE PAPER.

So, you have two choices to **GO GREEN** – your standard stock but with **FSC Certification** or **FSC Recycled paper**. Either way you win and the environment wins.

and

DON'T FORGET HOW GOOD YOU WILL LOOK WITH THE FSC LOGO ON ALL YOUR PRINTED MATERIAL!
